Nehru College, Pailapool, Cachar

Message

It is a great pleasure for me to be associated with Nehru College, Pailapool, the premier College of Lakhimpur Sub-Division of Cachar District.

I delightfully welcome each and every student to this premier institute of learning. It is our vision to provide the nation with motivated, responsible and disciplined youth to shape a better future.

Education is the most powerful weapon which you can use to change the world. Our endeavour at Nehru College is to equip the youth with relevant education which will help them not only to excel in their field of study but also to contribute to the development of the country.

Our experienced and dedicated faculty members ignite the young minds through strong academics, co-curricular and extra-curricular activities which are aimed at total personality development of the students. We equip them to take on challenges and develop in them a strong will power. We give the students necessary support and encouragement they need to reach to their full potential.

“WE MARCH ALONG WITH YOU

FOR YOUR VICTORY”

From the Principal 's Desk

Dear Parents, students and well-wishers of the Nehru College family, my prayerful greetings to all of you. It gives me immense pleasure to welcome you and your child into the Nehru College family. First and foremost, I would like to express my deep sentiments of gratitude to every one of you for your constant support, love and concern towards the College, which enables and encourages us to strive hard to carry forward the mission of spreading value-based knowledge to one and all.

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. This is an ennobling process of growth. I can boldly say, that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. We focus on discovering, developing, drawing out the hidden talents and the magic lying dormant inside all of its students. From academics to co-curricular activities, perseverance and a never-say-die spirit are entrenched in the heart of every student, not only making them good students but brilliant beings. In today's dynamic world, a 360-degree development and grooming is of supreme importance and through our campus, we are creating an environment for future leaders, entrepreneurs and professionals, who possess skills and aptitudes in an array of functional disciplines.

I am very happy, with the progress the College has made by imbining in its students, value-based education, synergized with modern teaching-learning methods, to produce a generation of well-informed and emotionally-sound generation.

We are partners in learning with our students and seek to deepen their knowledge, provide enriching and innovative learning experiences, while also gently urging our students to come out of their comfort zone, to attempt new challenges.

I am positive that in times to come, we will continue this journey with elevated enthusiasm and persistently provide a platform of holistic learning to the young generation of learners.

Our students graduate with the skills, mind sets and qualities that will best equip them for success. Let's give our best and make this institution a modern temple of learning, through our diligence, devotion and dedication.

The College Profile

Nehru College, nature's rare and lovely darling, nestles down majestically among the bounteous and ravishing ever-lush greenery besides the meandering sylvan Chiri like a shimmering emerald concealed. A drive of just a kilometre's journey from the burgeoning town, Pailapool, along the Joypur-Harinagar Road, will take you definitely to this premier Institute of higher education at the tip of the easternmost part of the Co-District of Lakhimpur, Cachar.

The College took its birth on the 28th of July, 1965 though the noble idea of establishing the College was first mooted in a meeting held on the 8th of June, 1964, the day of Shraddha rituals of our first ever Prime Minister, Pt. Jawaharlal Nehru. It was by way of commemorating as well as paying homage to the great departed leader that the College was given the name after him.

The College is located in an area which is basically predominated by socio-economically backward classes as well as tea-garden workers. It was established in order to cater to the need of higher education for the children of this locality and its neighbouring areas. The College aims more particularly to uplift these sections of people of the society by spreading quality education amongst them.

The founder Principal of the College, Sri Khitish Chandra Das, M.A.(Double), B.T. was an eminent educationist and being a man in humanitarian mould and a true Nehruvian in his persona, he came over to this remote corner of far-flung countryside with the sole object of launching a crusade against the encircling gloom of ignorance and illiteracy.

The College was fortunate enough to have the unflinching support of the local people and leaders, tea-garden workers, business magnates and educated elites at the crucial moments of its nascent stage. In this respect, the name of Sri Srinandan Dhubi deserves special mention. He donated 6 (six) Bighas of land where the College is standing at present as a gift to the College when the affiliation of the College assumed a big question. Within a short span of time, the College acquired more plots of land and now the College has a vast expanded campus to facilitate the growing needs of the students.

The College started its academic journey with very few students in 1965 in a small room at the erstwhile Nehru High School, Pailapool. About one year later, it was shifted to its own building and today, it is in full expedition with more than 1500 students on its rolls. It is not a miracle, nor a wonder at all but a pointer to the fact that its entity and the key-role it plays in its domain are really beyond all questions.

At the time of inception, the College was affiliated to Gauhati University. But with the setting up of Assam University, Silchar, today the Degree Course has come under the jurisdiction of Assam University while the Secondary Course is under Assam State School Education Board (ASSEB, DIV-II) Guwahati. Presently, the College comes under Government Provincialisation as per the Assam College Employees Provincialisation Act, 2005.

The College is purely an Arts College. It offers Honours in some important subjects of Arts at Bachelor Degree level, viz., English, Bengali, Manipuri, Hindi, Economics, Political Science and History. Two new subjects: Education and Philosophy have been introduced since the academic session, 2013-2014. Sociology Department has also been opened from the Session 2024-25. Feasibility of introducing Science and Commerce streams is also being considered. Career-oriented courses like Computer Science, Remedial Courses, etc. have already been started.

The College is made up of five Blocks: viz. the Administrative Block, constructed under RUSA 2.0, accommodates besides classrooms, Principal's Room, Office Room, a Smart Classroom, a well-equipped Fitness Gym, and a room for Games and Sports materials. Block A comprises of Faculty Room, Examination Cell, Central Library, Classrooms (No. 1-10), Computer Centre, Language Lab and a Canteen. Block B houses three huge Halls besides a number of mid-sized classrooms. Block C houses separate rooms for NCC boys, NCC girls, NSS, RUSA, IQAC, Education Practical Lab, Health Centre, Girls' Common Room and KKHSOU Study Centre. Block D comprises of Seminar & Conference Room as well as a Museum. The college has a huge Auditorium too. It also has a separate Boys' Common Room. The College Central Library is semi-digitalised which consists of a huge building having more than twenty thousand (20,000) books in its stock along with a spacious Reading Room, a resourceful reference section, with print and online journals, among others.

Besides, the College has a newly constructed Girls' Hostel too under UGC fund. Some more Seminar / Conference Halls are in the offing. The College is indeed expanding its infra-structures with the financial aids received from the Government, UGC and RUSA 2.0

The College is proud of its Museum, the first of its kind amongst the Colleges in the Barak Valley. It has enabled the College to preserve antiquities, natural objects and ethnic arte-facts of rare importance. It is heartening to note that a group of members of Jadavpur University, Kolkata came to visit the Museum and study the materials and objects preserved in it. The group appreciated some of the terracotta objects of the Museum.

The College was first inspected by the NAAC Peer Team in September 2004 and accredited with 'C⁺⁺' grade. It was again re-assessed by the NAAC Peer Team in September 2015. Recently, in the month of January, 2025, the college has gone through its third phase of NAAC Peer Team Visit and has been re-accredited with 'B' grade.

The College had celebrated its Golden Jubilee from 21st to 23rd September, 2015. It is a milestone in the history of the College thereby proving its relentless service to the young citizens which is indeed a realization of the noble objectives cherished by its founding fathers and all those who are the basic sustaining force behind the College.

Indeed, the College has come a long way as symbol of aspirations of the public in general for higher education. Still there are miles to go for the College to achieve its full stature of growth and prosperity and for this, the College authority is looking forward to the spontaneous support and never failing co-operation from all sections of people in the days to come.

Mission & Vision

Propagation, Cultivation and Spreading of Knowledge from one generation to another for the enrichment of the society in particular and the nation at large, to realise the ideals of “HUMANITY”, “TOLERANCE” AND “MAGNANIMITY” cherished by our beloved Prime Minister Late Pandit Jawaharlal Nehru.

Goal

Advancement of Higher Education by imparting quality education for the uplift of all the sections of the society.

Objectives

☞ *To encourage diverse sections of the society to strive for the optimum development of their innate potential.*

☞ *To enable such sections to become fully aware of their human rights and responsibilities and inspire them to enjoy these rights by sincerely exercising their responsibilities.*

☞ *To inculcate scientific temper to re-orient societal attitudes and prejudices with profound sense of patriotism.*

☞ *To establish contacts or build partnership with different societal groups, institutional as well as business organisations for realisation of such diverse objectives as in the fields of health care, career guidance, employment opportunities and other related areas.*
